

Dear Member:

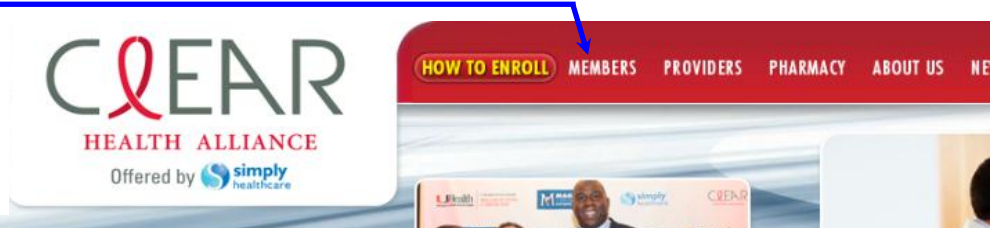

Regular health exams and tests can help find problems before they start. By getting the right health services, you are taking steps that help your chances for living a longer, healthier life. The best place to go for care is to your regular healthcare provider. It is important to choose a regular doctor. Once you have chosen your doctor, make an appointment.

For the most up-to-date list of doctors in our plan, please visit our website. Below are instructions to find a current list of providers from our website. If you would like a hard copy of the directory, we can send you one at no charge. Just call our Member Services Department at 1-877-577-9043 to request a copy.

Sincerely,
Clear Health Alliance
